

Huebsch

Huebsch® has been an integral part of the vend- ed laundry industry for more than a century, build- ing a wide range of durable commercial washers and tumble dryers to meet its customers' changing needs.

Coin laundry owners choose Huebsch equipment for its durability, efficiency and profit-producing

control platforms, such as the Galaxy 600.

Today, Huebsch is a brand of the Ripon, Wis.- based Alliance Laundry Systems, a global manufac- turer of commercial laundry equipment and tech- nologies. As an Alliance brand, Huebsch manufac- tures products in a world-class facility. Huebsch products also are supported by the top resources in the commercial laundry industry: a test lab, product development team, laundry design capabilities, and the best-in-class customer service initiative known as Customer One.

Huebsch also offers in-house financing through Huebsch Financial, which combines a competitive set of financial products with unmatched industry knowledge.

The durability, efficiency and innovation that helped the company receive acclaim 100 years ago continues to be a driving force behind Huebsch's position as an industry leader today.
