AMERICAN QUALITY

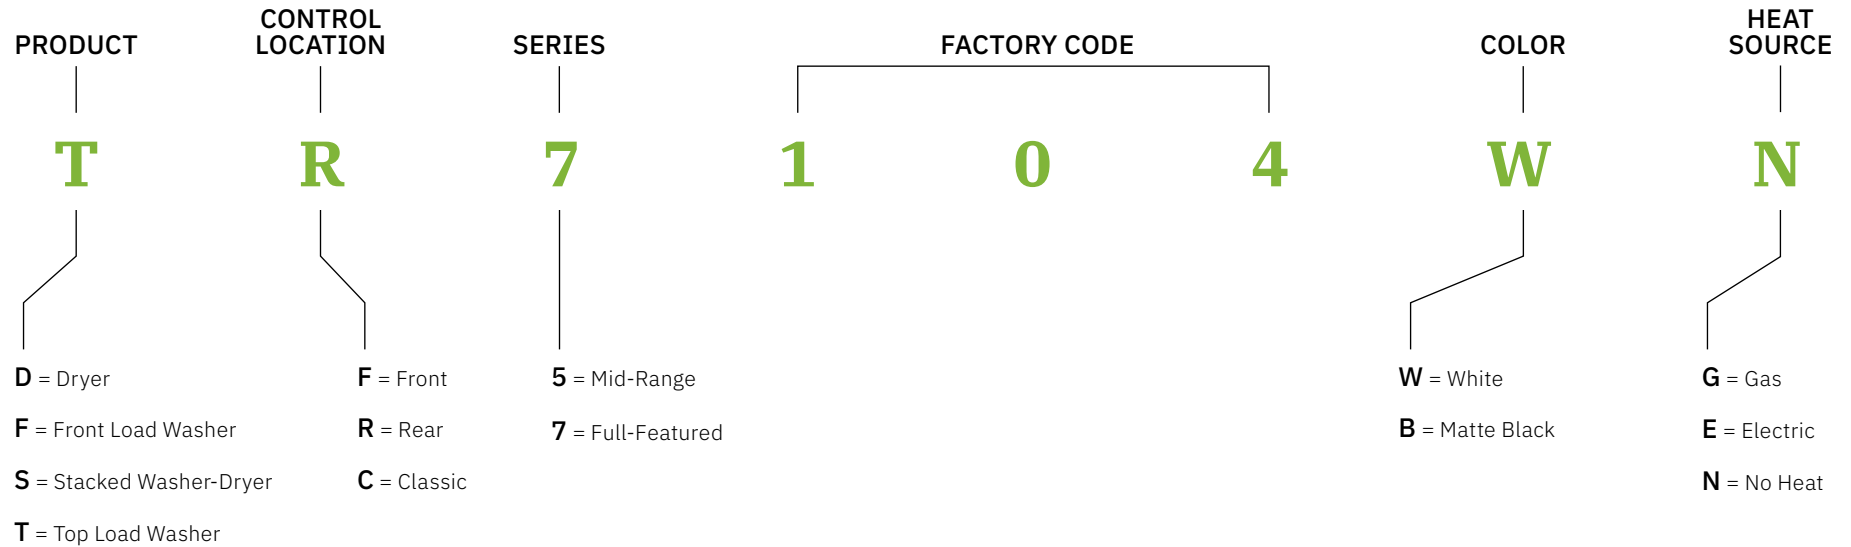

More than 115 years ago, a laundry legend was born. Today, that legend lives on. Huebsch® consumer laundry products are expertly engineered to deliver commercial performance, tested to ensure ultimate durability and manufactured with American Pride.

Our products are tested to 10,400 cycles or roughly 25 years of reliable operation in the average home. That reliability is the direct result of our unwavering commitment to quality materials, components and construction. Commercial quality is part of our DNA and the reason Huebsch products are the choice of laundromats around the world.

PRODUCT CODE KEY

The first three characters will be used in marketing materials for consumers, while product orders will utilize all 8 characters. For example:

PRODUCT OVERVIEW

Whether your customers require a fabric care specialist, like our TR series or a classic wash as delivered from our TC5, Huebsch has them covered. For those looking to reduce water consumption, our front-load washer is fast and efficient, while the stack version is perfect for those with laundries short on space. Best of all, all our pairs now boast the ability to sanitize —something no other brand can claim.

TR | DR SERIES

The TR range of top load washers and matching DR dryers are fabric care specialists, washing all fabric types, from delicates to the toughest work or outer wear. Huebsch® Perfect Wash™ system produces a tailored approach to fabric care to protect your customers' clothes. They also boast an ultra-quiet agitation cycle at 43 dB. DR dryers complete this one-two fabric care punch with a range of options, including special pet care cycles, a sanitize option and steam.

**BUILT TO LAST
25 YEARS.**

**TESTED TO
10,400 CYCLES.**

With a commitment to excellence and ultimate reliability, Huebsch products stand apart from the competition. Laundry is all we do, and we do it better than anyone on the planet.

FF | DF | SF SERIES

Quiet operation, fast cycle times and efficient performance, Huebsch front load washers have it all, and with our legendary reliability as well. Dedicated Pet Plus™ cycles and a flea removal cycle make this set a game changer for pet owners. In addition, a stacked option helps make this set an option where space is at a premium.

NOTICE
DOOR LOCK LIGHT must go out
before attempting to open door.
To open, push door in then pull out.

WARNING
To reduce the risk of fire:
Do not put flammable liquids,
cleaning solvents, or articles
soiled with these substances,
in the washer.
Do not put articles soiled
with vegetable or cooking
oil in the washer.

For your safety
Do not reach into the
washer when:
- Clothes are moving.
- Water is in the
washer.
Do not let children
play in or on the
washer.

IMPORTANT:
In case of power
interruption
please allow
2 minutes before
trying to open
door.

NOTICE
Door will not open
when door lock
indicator light is on.
See use and care
guide for details.
